**How playing the Hospice Lottery can help...**

Lewis-Manning Hospice provides free palliative care for over 600 local people every year, living with cancer and other life-limiting illnesses.

**The hospice runs three core services 5 days a week. These are:**

- Day hospice - run by clinical nurse specialists, offering palliative care including physiotherapy, pain and symptom management, creative arts, aromatherapy, music therapy and other holistic treatments
- A lymphoedema clinic - for the swelling of a limb that is sometimes caused by cancer or the treatment undergone for cancer
- A breathlessness clinic - for the relief of breathlessness mainly due to cancer of the lung

It costs over **£40,000** per month after our NHS funding to provide these services. However, there are no charges to patients or their carers, so fundraising is vital.

By playing our lottery you will be contributing directly to the care and comfort of patients who attend the hospice.

Your support will help us to fulfil our aim to ensure that local people with life-limiting illnesses are given access to support and facilities they may need to help them cope with their illness and get the most out of their lives.
